About.....	1
Chapter 1: Getting started with Laravel	2
Remarks.....	2
Laravel StackOverflow Slack Community	2
Featured Tutorial	2
Contribution Guidelines	2
Contribution Style Guide	2
About Laravel	2
Main Features.....	2
MVC.....	2
Blade Templating Engine.....	3
Routing & Middleware.....	3
Artisan.....	3
Eloquent ORM.....	3
Event Handling.....	3
Versions.....	3
Examples.....	4
Welcome to Laravel tag documentation!.....	4
Starter Guide.....	4
Getting Started.....	4
Laravel Views.....	5
Chapter 2: Artisan	6
Syntax.....	6
Parameters.....	6
Examples.....	8
Introduction.....	8
List all registered routes filtered by multiple methods.....	8
Running Laravel Artisan commands using PHP code.....	9
Creating and registering new artisan command.....	9
Chapter 3: Authentication	10

Examples.....	10
Multi Authentication.....	10
Chapter 4: Authorization.....	14
Introduction.....	14
Examples.....	14
Using Gates.....	14
Authorizing Actions with Gates.....	14
Policies.....	15
Writing Policies.....	15
Authorizing Actions with Policies.....	15
Chapter 5: Blade Templates.....	17
Introduction.....	17
Examples.....	17
Views: Introduction.....	17
Control Structures.....	18
Conditionals.....	18
'If' statements.....	18
'Unless' statements.....	18
Loops.....	18
'While' loop.....	19
'Foreach' loop.....	19
'Forelse' Loop.....	19
Echoing PHP expressions.....	20
Echoing a variable.....	20
Echoing an element in an array.....	20
Echoing an object property.....	21
Echoing the result of a function call.....	21
Checking for Existence.....	21
Raw echos.....	21
Including Partial Views.....	21
Layout Inheritance.....	22

Sharing data to all views	24
Using View::share	24
Using View::composer	24
Closure-based composer	24
Class-based composer	24
Execute arbitrary PHP code	25
Chapter 6: Cashier	26
Remarks	26
Examples	26
Stripe Setup	26
Chapter 7: Change default routing behaviour in Laravel 5.2.31 +	28
Syntax	28
Parameters	28
Remarks	28
Examples	28
Adding api-routes with other middleware and keep default web middleware	28
Chapter 8: Collections	30
Syntax	30
Remarks	30
Examples	30
Creating Collections	30
where()	30
Nesting	30
Additions	31
Using Get to lookup value or return default	31
Using Contains to check if a collection satisfies certain condition	32
Using Pluck to extract certain values from a collection	32
Using Map to manipulate each element in a collection	33
Using sum, avg, min or max on a collection for statistical calculations	33
Sorting a collection	33
Sort()	33

SortBy()	34
SortByDesc()	35
Using reduce().....	35
Using macro() to extend collections.....	36
Using Array Syntax.....	37
Chapter 9: Common Issues & Quick Fixes	39
Introduction.....	39
Examples.....	39
TokenMisMatch Exception.....	39
Chapter 10: Constants	40
Examples.....	40
Example.....	40
Chapter 11: Controllers	41
Introduction.....	41
Examples.....	41
Basic Controllers.....	41
Controller Middleware.....	41
Resource Controller.....	42
Example of how a Resource Controller look.....	42
Actions Handled By Resource Controller.....	44
Chapter 12: Cron basics	45
Introduction.....	45
Examples.....	45
Create Cron Job.....	45
Chapter 13: Cross Domain Request	46
Examples.....	46
Introduction.....	46
CorsHeaders.....	46
Chapter 14: Custom Helper function	48
Introduction.....	48
Remarks.....	48

Examples.....	48
document.php.....	48
HelpersServiceProvider.php.....	48
Use.....	49
Chapter 15: CustomException class in Laravel.....	50
Introduction.....	50
Examples.....	50
CustomException class in laravel.....	50
Chapter 16: Database.....	51
Examples.....	51
Multiple database connections.....	51
Chapter 17: Database Migrations.....	55
Examples.....	55
Migrations.....	55
The migration files.....	56
Generating migration files.....	56
Inside a database migration.....	57
Running migrations.....	58
Rolling Back Migrations.....	58
Chapter 18: Database Seeding.....	60
Examples.....	60
Running a Seeder.....	60
Creating a Seed.....	60
Inserting Data using a Seeder.....	60
Inserting data with a Model Factory.....	61
Seeding with MySQL Dump.....	61
Using faker And ModelFactories to generate Seeds.....	62
Chapter 19: Deploy Laravel 5 App on Shared Hosting on Linux Server.....	65
Remarks.....	65
Examples.....	65
Laravel 5 App on Shared Hosting on Linux Server.....	65
Chapter 20: Directory Structure.....	68
