
phpMyAdmin Documentation

Release 4.8.0-dev

The phpMyAdmin devel team

Jan 05, 2018

1	Introduction	3
1.1	Supported features	3
1.2	Shortcut keys	4
1.3	A word about users	4
2	Requirements	5
2.1	Web server	5
2.2	PHP	5
2.3	Database	6
2.4	Web browser	6
3	Installation	7
3.1	Linux distributions	7
3.2	Installing on Windows	8
3.3	Installing from Git	8
3.4	Installing using Composer	9
3.5	Installing using Docker	9
3.6	Quick Install	14
3.7	Verifying phpMyAdmin releases	16
3.8	phpMyAdmin configuration storage	17
3.9	Upgrading from an older version	18
3.10	Using authentication modes	19
3.11	Securing your phpMyAdmin installation	26
3.12	Using SSL for connection to database server	27
3.13	Known issues	27
4	Configuration	29
4.1	Basic settings	29
4.2	Server connection settings	32
4.3	Generic settings	50
4.4	Cookie authentication options	53
4.5	Navigation panel setup	55
4.6	Main panel	59
4.7	Database structure	60
4.8	Browse mode	61
4.9	Editing mode	62
4.10	Export and import settings	63

4.11	Tabs display settings	65
4.12	PDF Options	66
4.13	Languages	66
4.14	Web server settings	68
4.15	Theme settings	69
4.16	Design customization	69
4.17	Text fields	70
4.18	SQL query box settings	72
4.19	Web server upload/save/import directories	72
4.20	Various display setting	74
4.21	Page titles	75
4.22	Theme manager settings	76
4.23	Default queries	76
4.24	MySQL settings	77
4.25	Default options for Transformations	77
4.26	Console settings	78
4.27	Developer	79
4.28	Examples	79
5	User Guide	85
5.1	Configuring phpMyAdmin	85
5.2	Two-factor authentication	85
5.3	Transformations	86
5.4	Bookmarks	88
5.5	User management	89
5.6	Relations	91
5.7	Charts	94
5.8	Import and export	99
5.9	Custom Themes	104
5.10	Other sources of information	106
6	FAQ - Frequently Asked Questions	107
6.1	Server	107
6.2	Configuration	116
6.3	Known limitations	119
6.4	ISPs, multi-user installations	122
6.5	Browsers or client OS	123
6.6	Using phpMyAdmin	126
6.7	phpMyAdmin project	136
6.8	Security	137
6.9	Synchronization	138
7	Developers Information	139
8	Security policy	141
8.1	Typical vulnerabilities	141
8.2	Reporting security issues	142
9	Distributing and packaging phpMyAdmin	143
9.1	External libraries	143
10	Copyright	145
10.1	Third party licenses	145
11	Credits	147

11.1 Credits, in chronological order	147
11.2 Translators	153
11.3 Documentation translators	160
11.4 Original Credits of Version 2.1.0	163
12 Glossary	165
13 Indices and tables	173
